Program Fee : Rs. 1500/-

Fee details presented here are indicative and are subject to change. Students are advised to check with the admission notification or with the authorities concerned for the latest information.

Medium of Instruction : English / Hindi

About the course

This programme of study would be of tremendous relevance and use to all those who need to have the knowledge, understanding and skills, both with regard to Nutrition and Child Development. The Certificate in Nutrition and Child Care is specifically vocational in nature, opening avenues for employment as well as self-employment. Doing a programme of this nature, combining knowledge and skill development in the areas of Nutrition and Early Childhood Care and Education would make the learner uniquely qualified to take up jobs as functionaries with Government and Non-Government organisations working for women and children.

Admission details

Admission notification is generally released in May/June and the last date for submission of filled-in application forms will be September 30 for January session and March 31 for July session. However students are requested to check with the official admission notification for the exact dates related to admissions.

Note: Fee details shown here are indicative and might have changed. Please contact the IGNOU for the latest fee details.
